The Special audit staff from the Accountant General's office have audited certain bills presented to the Sandur Treasury by the late officials of the Sandur State, and some of the objections have been communicated to the persons concerned. The objections have been duly explained by the officials who presented the bills, and in some cases the special officer has recommended that in view of the explanation offered, the bill may be admitted and the ~~davance~~ advance adjusted towards the expenditure.

2. As many such bills will be received in this office, I request instructions whether I may order the adjustment of the advances in cases where the objections have been answered to my satisfaction and the bills found to be admissible. If I am empowered to admit such bills, a lot of correspondence with the Government will be reduced.

3. As an example, I submit herewith bill No. 35/49 with the note of the audit staff and a copy of the Special Officer's recommendations thereon. I request very early instructions in the matter.
